Premises open to the public  
Offices  
Shops  
Industries  
...

# PRE REOPENING OFFER

In order to prepare for the reopening of your sites with complete peace of mind and to apply the new health and safety requirements, EMALEC SAMSIC is working alongside you

**COVID-19**

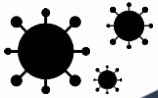

**We offer you :**

- **A disinfection of the points of contacts**
- **A volume disinfection**
- **A disinfection of aeraulic networks**
- **An implementation of the distancing rules**
- **A refit package of your technical equipment**

COVID-19

# Disinfection of the points of contacts

Creation of a physico-chemical barrier on contact points (doors, handles, bank, readers, ...)

Electrostatic sprayer combined with a bactericidal / fungicidal / virucidal disinfectant

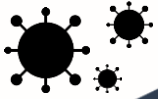

## [Solution for disinfecting surfaces](#)

The disinfectant solution coupled to the sprayer contains positively charged particles that adhere to and cover all surfaces.

COVID-19

# Disinfection of the volumes

Micro-nebulization of a disinfectant solution to process all the volumes

Portable nebulizer combined with a disinfectant bactericide / fungicide / virucide

**Solution for disinfecting volumes**

The disinfectant solution coupled with the nebulizer acts on all the surfaces present in the volume.

COVID-19

# Disinfection of aeraulic ducts

Elimination of toxic elements present in the networks aeraulics of your premises.

Portable nebulizer combined with a disinfectant bactericide / fungicide / virucide

[Solution for disinfecting filters - ducts](#)

The disinfectant solution coupled with the nebulizer acts on all the surfaces present in the volume.

# Implementation of distancing rules

Arrangement of the workspaces following government guidelines

Installation of plexiglas screens

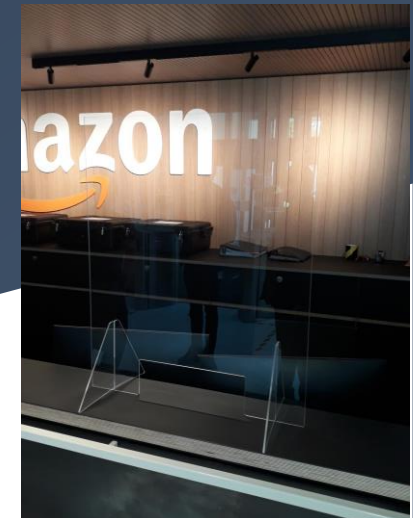

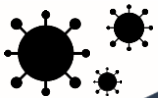

Marking on the ground

Delimitation of workspaces

Implementation of "Click and Collect" zone

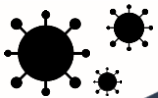

COVID-19
